Simple scripts you can start with

Firstly, remember that people don't want another sales pitch, and if people are not ready they are not ready, you can't push anything on to anyone.

Hi _____, (Pattern interrupt, do not sound like a telemarketer).

Example. Oh sorry have I got (business name), I didn't quite hear you, I'm a bit deaf today. OR, how is your (Morning) today, been a busy day for you guys so far? (DO NOT SAY, HOW HOW ARE YOU TODAY?) it smells of a tele-sales person. Be sociable and friendly.

It's (you first name) from Kick Media, we specialise in creating business and marketing plans for (Their Industry) and I know you probably get calls every day, but I am actually looking for a local (industry) in (location) we can provide free marketing advice and introduce our 4 step business plan. Is the timing right to review your overall marketing and business strategy? (Silent wait for Yes or No) Okay well we start with a free business coaching session with no obligation to use our service. Now the meeting will be with our head business coach, Brendon Comerford, he has been coaching local businesses for the last 15 years so you will get a lot of value from this meeting. Are you available tomorrow at 11am?

Hi _____, (Pattern interrupt, do not sound like a telemarketer).

Example. Hi _____ I see you're in the (location) area, do you also service (this far and wide). Okay perfect.

It's (your first name) from Half Cost Digital and I know you probably get calls about advertising every day, but I am actually looking for a local (industry) who services (locations, be specific.)

(Don't pause, keep talking strong between sentences so you don't get interrupted).

Now we have a new A.I. assisted service that allows us to charge half the cost of any other digital agency in Australia and still get better results. Do you currently work with an agency or have considered getting help with advertising before? Okay great now we have the lowest management fees in Australia, in most cases less than half... (what you currently pay now) (what you would pay with other agencies). Now when would be a good time to schedule a short 15min zoom call to run through all the pricing? How about tomorrow at 11am?

HOW DO I GET STARTED in 5 STEPS?

1. Register to become an Agency Partner at www.kickmedia.com.au/apply
2. Choose a local service industry from <https://www.yalwa.com.au/>
(NOT retail, ecommerce, hospitality, mortgage brokers or real-estate agents.)
3. Mix up your industries to contact. Intro yourself and ask if now is a good time to review your marketing and advertising strategy? Ask 150 businesses per day full-time or 20 part-time.
4. Anyone requesting an email and is genuinely interested go to <http://www.kickmedia.com.au/send>
5. Follow up emails and book appointments at www.kickmedia.com.au/book
